EDITOR SHOOTS TO KILL

FAMILY IN TERROR OF DEATH YOUTH GOES TO DEATH CALMLY

H. E. Wicker and Son Held at the Receiving Hospital on Charges of Insanity

Relatives Say That the Alleged Maniacs Planned to Kill Boy and Girl

After weeks of terrified existence on the part of members of his family, H. E. Wicker, 67 years old, and his son, H. E. Wicker, Jr., 29 years old, of 1007 Fair Oaks avenue, Alameda, were both taken to the Receiving hospital by the police of that city this morning, following the alleged attempt of the father to kill one of his sons with a hammer and a like attempt of Wicker, Jr., to dispatch a younger sister with a hatchet. Their examination by the superior court on charges of insanity has been set for tomorrow morning.

Wicker, Sr., who is an expert accountant, is well known in the Encinal city and is a man of means, also a member of various fraternal organizations. For some time he has been under the delusion that he is an auctioneer and, according to the complaint of his children, was in the habit of pacing the floor at night, crying imaginary sales.

TWICE IN ASYLUM.

Twice before he has been an inmate of an asylum, but apparently regaining his mind, has been set at liberty. His wife died some time ago and at present his family consists of two daughters and two sons, one of whom became violent this morning after having acted in a peculiar manner for a number of days according to the complaint brought by the sisters to the police.

Wicker, Jr., was in the habit of entering and leaving the family home by way of windows, it is set forth, and no matter what time of night he arrived, it was necessary that window be pried open before he would consent to enter. The propensities of his appetite caused further concern as it might be inferred that he was habitually in a state of ravenous hunger.

ADmits PLAN TO SLAY.

After his incarceration in the infirmary of the hospital he freely admitted that he had intended to kill his sister, but otherwise from manifested desire to entitle his cell by means of the door, he appeared perfectly normal. The young man is an electrician by trade and was recently discharged from a position that he held in San Francisco.

The charges were preferred today by the remaining members of the family, who stated that they feared great bodily harm from both parent and brother if they were allowed further liberty.

Daring Aviator Flies 80 Miles an Hour

CHALONS, France, June 16.—Competing in the preliminaries here today for the James Gordon Bennett aviation race, M. Neuport covered 145 kilometers at the rate of 12.50 kilometers (approximately 80 miles) an hour, beating the previous aeroplane record.

Shipping Strike Develops Into Squabble Over Wages

LONDON, June 16.—The shipping strike has developed largely into a squabble over wages and outside of a few mail steamers, the ship owners generally are not suffering appreciable inconvenience. The number of the strikers is limited strictly to deck hands. Despite the concession of \$2.50 a month in wages made by the Canadian Pacific Railway Company yesterday when the time came for the signing of a crew for the Empress

of Ireland, today the company was forced to add an additional \$1.25. The original demand of the men was for an advance of \$5 a month.

AMSTERDAM, June 16.—The striking seamen at this port number only about 300. However, the tank steamer Rotterdam, belonging to the American Petroleum Co., and due to sail this morning, was unable to obtain a crew.

Ten Boys Serve Judge's Sentence of Day at Game

SAN FRANCISCO, June 16.—Carrying out his sentence of last Saturday, Superior Judge Graham today took ten boys to the ball game at Recreation Park, who were brought before him for having broken into the grounds. The lads tore off fence rails and made their way in, constituting

WILL WHITE KEEP HIS JOB?

New Chief in Full Power, but It Is Intimated That Position Is Temporary

Joseph J. Sullivan May Be Slated for Head of Police Department

SAN FRANCISCO, June 16.—Without ostentation and with a total lack of ceremony, David Augustin White took control of the San Francisco police department this morning. Only one floral offering had been sent to the inner sanctum of the chief of police, vacated last night by John F. Seymour, and with the offices as neat as an extra force of janitors could make them, White took his seat shortly after 10 o'clock for the first time opened his mail, and was given advice and instructions by Sergeant John J. O'Meara, who will assume the rank of captain.

The question which promptly arises with the complete victory of White and the commission over John F. Seymour by reason of the latter's retiring from the right, is who will be made permanent chief.

White is on hand with the full reins of government and with the captains loyal and ready to do his bidding, but it is conceded that his appointment

was but a temporary one and it is not thought likely that it will be made permanent.

WILL SULLIVAN GET IT?

Further, the activity of Joseph J. Sullivan, who resigned the presidency of the second commission prior to the filling of the second charge against Seymour makes it seem as if he were slated for the head of the police department. Otherwise there could have been but little excuse for his resigning a position which he had craved, and forfeiting an honor which he had realized by reason of his services to the administration.

Sullivan was on hand at police headquarters this morning before White and he was the only one to greet the latter on his arrival at 10:15 o'clock. Captains Gleason and Anderson had been on-hand

IDENTIFY BODY OF SLAIN MAN

A. Lordeaux, San Francisco Cooper, Dies While Family Is Away.

SAN FRANCISCO, June 16.—The body of a man believed to have been murdered, which was found in the bay late yesterday, with hands tied together, and a knife suspended, was identified this morning as that of A. Lordeaux, 50 years old, a cooper, of 710 Vermont street. The identification was made by James McDermott, who, however, was unable to give any explanation as to why enemies of the deceased might have had, or any threat on his part of suicide.

It is understood that Lordeaux's wife and children are at Boyce Springs and do not know where he is buried, and are anxious to endeavor if possible to clear up the mystery. The body had been in the water about two days.

JOAQUIN MILLER UNABLE TO WRITE JULY 4 POEM

The literary section of the general committee for the celebration in this city of the Fourth of July received a note this morning from Miss Juanita Miller, daughter of Joaquin Miller, the poet, to the effect that her father would not be able to write an original poem to be used here on the occasion of the celebration. The poet has not, as yet, recovered his normal strength, but is said to be improving in a most satisfactory manner.

The committee, however, has several wavers of the muse in mind and no doubt is entertained that there will be an original poem prepared in time to be read in commemoration of Independence Day.

HALF MILLION GARNERED IN SUGAR DEAL OVER NIGHT

Henry T. Oxnard Tells How \$200,000 Concern Was 'Watered' to Sell to Trust for \$500,000 Profit

ings, he added, were in the Louisiana Cane Sugar Refinery in which they had invested about \$1,000,000.

"There had been a big tariff on sugar for 25 or 30 years," explained Mr. Oxnard. "I thought it would be profitable and patriotic to introduce the beet sugar business into this country."

The witness said the American Beet Sugar Company had never had any connection with the American Sugar Refining Company, except a contract in 1902 under which the latter became the selling agency of the former.

"Did not it say where your sugar was to be sold?" inquired Chairman Hardwick.

PROVISION NOT MADE.

"No," replied Mr. Oxnard. "There was a provision that it was to be sold everywhere except in New England."

"How about this phrase in the contract?" and Hardwick read from an alleged copy of the contract the following:

"Care being taken by us (American Beet Sugar Company) except when necessary to avoid your markets."

"Well, that was written in there by the lawyers. They said that it was not against the Sherman anti-trust law. As a matter of fact, it never amounted to anything, for we sold where we wanted to."

"Why did you make it?"

"Well, there was that war of sugar companies once, and then we wanted the advantage of sales by their brokers."

The witness said the contract was in existence only three years, although it was to run ten years.

LIVED UP TO IT.

"You lived up to the contract, did you not?" asked Chairman Hardwick.

"Well, I suppose so."

"They lived up to it."

"They really had nothing else to do."

"Why did you go into it then? Was it not because of the American Sugar Refining Company cutting prices in Missouri River territory in 1901?"

"I don't know that that was the reason. It may have been one."

Chairman Hardwick wanted to know why the contract was abandoned.

"I ceased to be president in 1906," said Oxnard. "My brother succeeded

me and Duvall came on the board. The colonel was familiar with the railroads and the Sherman law. He said 'Here, this violates the Sherman anti-trust law.' I told him that the lawyers said it was all right; that John Parsons of the American Sugar Refining Company had said it was legal."

"He asked if I would object to his friend, Wayne MacVeagh, looking at it. MacVeagh said it was illegal. So Cutting went to H. O. Havemeyer of the American Sugar Refining Company and told him the contract was illegal. He wanted it to be continued the year. Cutting said, 'No, this contract ends today.' So that was amen, and the thing was dead from that day."

After a long discussion of the beet sugar industry and the tariff on raw and refined sugar, Oxnard asked to be left alone.

"Quite a little time had been paid about the 'trust' controlling the beet sugar refineries," he said. "The trust does not control, all told, more than 20 per cent of the beet sugar industry, and the beet sugar people compete with the output for their other sugar."

missed. He continued to pursue Solars around the auto, trying to get in another shot, but failed, and finally Solars ran out the back way and into the Bank of Lodi, where he fell into the arms of Charles Fordon, the cashier, exclaiming that he had been shot.

The enraged editor continued to follow and tried to get another shot, but was grabbed by George Eddy and by W. H. Lorenz, cashier of the First National bank. They disarmed him and took him into the First National bank, where he was turned over to Constable Floyd, who held him until 12 o'clock, when Attorney Steel and Constable Floyd took the assailant to Stockton in an automobile and turned him over to the sheriff.

WOUNDS MAY BE FATAL.

Solars was carried to the office of Dr. J. E. Nelson and Dr. D. J. Dameron and Dr. S. F. Priestly of Stockton were summoned. The wounded man was placed under anesthetics and operated upon. It was found that both bullets had entered the right side, one pinching the liver and the other the intestines. Whether he will live is problematical, but the chances are against him.

Before the operation John Dougherty called to see him and Solars remarked:

"Well, John, we'll take that trip to Honolulu next month anyway."

There was some talk of violence against Axtell, but Constables H. B. Coleman and Floyd quieted it.

TWO SHOPLIFTERS BUSY IN OAKLAND

Are Making Rounds of Stores and Thus Far Have Made Good Hauls.

Two clever shoplifters have been making the rounds of the local stores for the past week, and have succeeded in three instances in taunting valuable goods. The police and detectives are working on the cases, and all the store proprietors have been warned to be on the lookout for two well-dressed young men, one carrying a large overcoat.

The largest haul made by the two shoplifters was at the fur and sealskin establishment of George Folesley of Sixteenth and San Pablo avenues, where values of \$100. Other stores looted were Collins Bros' drugstore and the store of T. Solomon at 414 San Pablo avenue. In each case the thieves succeeded in getting away with the goods without causing a pursuit until several minutes after they had disappeared.

PLAN OF OPERATING.

The two shoplifters operated in the same manner in each instance. Both are well dressed, and of suave address, and one of them speaks German and French. When one asks to see some goods necessitating the proprietor or clerk of the store goes to the rear of the place, and while his back is turned, the other takes the choice goods within reach, and the two escape.

In this manner the two thieves victimized Folesley. One asked to look at some furs, and the other took a valuable mink stole and muff, with four mink heads, paws and tails of unusual perfection. At the store of 414 San Pablo avenue they stole four yards of blue serge from T. Solomon. Leather and silver-mounted toilet goods were stolen from Collins Bros.

The two shoplifters are described as follows:

No. 1—Age 22 years, height six feet, medium complexion, smooth shaven, caries long, black ulcer.

No. 2—Age about 35, height five feet nine inches, complexion dark, smooth shaven, weight 175 pounds, well dressed in dark suit of clothes.

at 9 o'clock, but tired of waiting and had left their reports and gone their separate ways. The other reports were sent in by the company commanders. Telephone communication with the chief was discontinued, as it was found that the line was out of order. Whether this was caused by disuse, by the reason of switching messages to White's temporary offices upstairs was not learned.

WHITE MAY KEEP JOB.

Seymour's resignation caused surprise on all sides, and was the chief topic of discussion about the city today. It is thought that the mayor will suggest the appointment of Sullivan, but it is possible that some member of the department may be elevated to the position and it is within the range of possibility that White will be retained.

SEYMOUR RESIGNS AND ENDS TURMOIL IN THE DEPARTMENT

SAN FRANCISCO, June 16.—Chief of Police John F. Seymour tendered his resignation to the Board of Police Commissioners at 9:45 o'clock last night. At a special meeting of the board called for that time, the resignation was accepted, and D. A. White named chief of police. Then, for the third time, White took the oath of office.

The charges against Seymour were withdrawn.

Two days ago Chief Seymour came to the conclusion that the fight for office by injunction, writs of review and other legal methods would avail him nothing and would throw the police department into a state of demoralization, ruin discipline and tire out a long-suffering public.

CLIMAX OF FIGHT.

The climax of the fight of John Seymour to retain the office of chief of police came after the hardest fight ever made in the police department. For days two chiefs of police have occupied offices at the Hall of Justice, 64 Eddy street. Part of the time John F. Seymour had been recognized as the head of the department, sustained in office by the courts; part of the time D. A. White, until the attempt was made to oust Seymour, an employee of San Francisco, was recognized as the department head.

Since the filing of the charges against Seymour by Mrs. Anna Postler, on June 12, Seymour has occupied his office at police headquarters alone. No captain has stepped foot inside his door. He has been ignored by the department. His authority over the men had been nullified by the action of the commission in suspending him.

LEAVES THE OFFICE.

Last night at 9 o'clock John F. Seymour walked out of the office of chief of police as John F. Seymour, private citizen.

"Will you return to the position you left as chief of detectives for the Wells-Fargo Company?" the former chief was asked.

"I don't know yet," replied Seymour. "I will not do anything for awhile. I am tired. This has been a big strain upon me, and not alone upon me, but upon my family, and I want a rest."

"Under another administration would you accept the office of chief of police?" Seymour was asked.

"I don't know about that," said Seymour. "I couldn't say offhand whether I would again accept the position."

LETTER OF RESIGNATION.

Seymour's letter of resignation is as follows:

San Francisco, Cal., June 16, 1911.
To the Board of Police Commissioners
of the City and County of San Francisco:

Gentlemen—I hereby tender my resignation as chief of police of the City and County of San Francisco. In doing so I desire to state that my action is due to the present disorganization and uncertainty in the police department of this city, resulting from the litigation between myself and the Board of Police Commissioners of this city, a condition for which I do not desire to be longer responsible. By your recognition of D. A. White and the withdrawal of the officers and men of the department from my command, I feel that a further assertion of my legal rights would only add to the uncertainty and confusion, with a resulting lack of efficiency in the department. I have raised all legal objections to your jurisdiction except that of resigning, and I now take that course. Yours respectfully,

JOHN F. SEYMOUR.

FRUITVALE MAN DIES STRANGELY

Lies On Bed for Hours Before Fact of His Demise Is Discovered.

Despondent over the illness of his wife, who is lying in hospital at the point of death, and worried over the fact that he was unable to provide her with necessary treatment, as he has been out of work for some weeks, Albertus Kennedy, a teamster, residing at 1810 High street, Fruitvale, committed suicide last night by swallowing carbolic acid. The body was after he had been dead for many hours. The remains were removed to the morgue.

Kennedy has been brooding over his troubles for many days. Less than a week ago he told his brother that should his wife die as a result of a capital operation she has recently undergone, he would not "take long to follow her."

The deceased left no farewell note, nor did he deliver any message to his friends. It is thought that he quietly retired to his room last night after purchasing a vial of carbolic acid, and after brooding over the trouble for some hours, swallowed the contents of the vial about midnight. When found this morning he was lying in his bed, his life and the inside of his mouth badly burned by the acid, and the vial was beside him almost empty.

Kennedy was 42 years of age and a native of Illinois. The inquest will be held next Wednesday.

GRAFT INVESTIGATION MAY BE SWEEPING

Los Angeles Higher Officials in No Danger, Declare Prosecutors.

LOS ANGELES, June 16.—A complaint charging Thomas Fushiyama White, formerly a special officer, with accepting a bribe of \$100, was filed in a justice court here today. A warrant was immediately served upon him and his arraignment set for late today.

White is accused of planning to protect a disorderly resort from the police. He was implicated in the same case with Earl Busse, plain clothes police officer, now at liberty under bonds of \$500, and Dr. John W. Jones, formerly a candidate for mayor of this city, who was arraigned yesterday on a similar accusation and held in the county jail in default of \$500 bail.

Official of the district attorney's office said today that there will be no further arrests unless indictments result from the grand jury investigation of graft which will begin Monday.

SEVERAL COMPLAINTS.

It is said that complaints against fully a dozen disorderly places have been made and the district attorney's detectives and the police, working together in an investigation, assert that there will be surprising revelations of corruption.

One woman, in a house near that operated by Angie Orth, whose complaints led to the arrest of Busse and White, was arrested last night. She gave bail of \$25 for her appearance in the police court today.

Officials in a position to know declared today that if persons who have been on the stand would swear to the same things before the grand jury, the graft will be traced through many municipal departments, but that it will not

DIAZ GUARDED IN HARBOR OF VIGO WOUNDED MAN IS FOUND IN FIELD

Fear of Demonstration Cause of Precaution When the Vessel Arrives.

VIGO, Spain, June 16.—General Porfirio Diaz, former president of Mexico, arrived in the harbor today on the steamer Ipiranga, on which he sailed from Veracruz, Mexico, May 2. The steamer ran aground in the bay at 6:30 this morning. According to such of his plans as were made public prior to his departure from Mexico, General Diaz will continue to Havre, France, returning to Spain for an indefinite stay.

It was reported last night that a number of workmen had arranged to express their unfavorable opinion toward the former president in the event that he came ashore. As a precautionary measure, the maritime authorities placed a naval guard around the steamer as soon as she arrived.

This guard included two launches filled with marines and the gunboat Hernan Cortez. Only passengers and others duly authorized were permitted to board the steamer. Balbino Davalos, the Mexican chargé d'affaires at Lisbon, and Senor Dauden, Mexican consul here, went out to the vessel and greeted the general. Diaz told them that his health was not satisfactory and that he had suffered greatly during the voyage from an attack on the jaw bone, which had troubled him some before his departure from Mexico.

GEN. MORELOS DIRECTED HIS OWN EXECUTION

According to Redo, a spirit of revenge harbored by some of the victorious rebel chieftains at Culiacan caused them to violate a pledge to safeguard the lives of Morelos and his Lieutenant Major, Del Corral. At the last moment the insurgents firing squad lost heart and hesitated and Morelos directed the details of his own execution.

LOS ANGELES, June 16.—Revealing for the first time the details of the execution of Colonel Morelos by the rebels at Culiacan, Governor Redo, the exiled governor of Sinaloa, pictured the slain federal commander as a gallant victim of fate, who died a few moments before a pardon arrived.

PLANS COMPLETED FOR THE SUNDAY SCHOOL CONVENTION

Last Regular Meeting of General Committee Held Today at the Hotel Stewart, Across the Bay

SAN FRANCISCO, June 16.—The Monday evening, and the men's parade Hotel Stewart was today the scene of the last regular meeting of the general committee which has for weeks past been ardently laboring to prepare the way for the triennial international Sunday school convention of the year 1911. The officers of the committee are Rev. H. H. Bell chairman, Charles R. Fisher secretary, Rolla V. Watt treasurer, F. W. Emerson, A. S. Johnson and Hon. A. M. Drew vice chairman. Bishops William M. Bell, William F. Nichols and Edwin H. Hughes are honorary members of the committee.

Besides these there are the nineteen chairmen of sub-committees, who have looked after everything necessary for the convention's success and the welfare of the delegates except that the program had been arranged by the executive committee of the international association of which W. N. Hartshorn of Boston, publisher of "The Youth's Companion," is chairman.

Hon. John Stites of Louisville, Ky., is president of the association and will deliver the president's message on the first morning of the convention proper. Marion Laurance of Chicago is the general secretary. Both Mr. Hartshorn and Mr. Laurance visited the Pacific coast last winter in the interest of their assembly. Laurance and others from the International association's office will remain over after the convention and appear on the program of a summer school of methods to be held under the auspices of the state association in Yosemite Valley, July 6-16.

THREE SESSIONS DAILY.

The convention will hold three sessions each day at the Coliseum, corner Oak and Baker streets, reached by the Ellis and Hayes cars. The sessions are all open to the public and there will be no charge for admission, except at the concert to be given Monday evening, June 19, and possibly a second time before the convention closes.

The Coliseum seats 8000 people. Delegates will have seats reserved for them until the opening of each session. Pastors and superintendents of local schools have the right to name delegates and an appeal was issued yesterday asking for additional lists of delegates. At the close of the convention a cloth-bound report of the addresses will be furnished all who have paid the registration fee, which amounts to \$2.

The convention will open Wednesday evening, June 21.

PRE-CONVENTION SESSIONS.

The first shot of the great convention will be fired by J. Shreve Durham of Chicago at a large Sunday school class meeting on Monday night, June 11, at the First Presbyterian church, Oakland, at 8 o'clock. Every superintendent, teacher, worker and all Christians of Alameda county are invited to attend.

A men's mass meeting will be held at the First Congregational church, Oakland, Twelfth and Clay streets, Friday evening, June 16. Three great speakers will be present and give short, spicy addresses.

GREEK THEATER MEETING.

The only public meeting advertised for the east side of the bay as a part of the regular convention program will be held at the Greek Theater, Berkeley, on Sunday afternoon, June 26. Prof. E. A. Evans of Oregon will lead the singing. Rev. R. F. Coville, D. D., Denver, Colo., formerly pastor of the First Presbyterian Church, Oakland, has taken the place on the program assigned originally to Colonel Halford of New York.

Rev. Charles F. Aked will speak on the subject, "The Sunday School and World Peace." Rev. W. B. Hinson of Portland will speak on "The Projected Life." It is possible that a meeting may be arranged for Saturday afternoon, when no session of the convention will be otherwise held, but this has not been definitely determined.

TRIO OF FEATURES.

Undoubtedly the three features of greatest general interest will be this meeting in the Greek Theater, the grand concert of 1000 voices and 100 instruments, on

Rodents Said to Be Size of Cats Infest Vicinity of Willow Street.

CO-RESPONDENT IN MELON DIVORCE SUIT IN TOILS

Accused of Obstructing Justice by Ignoring Summons to Testify.

NEW YORK, June 16.—Charged with obstructing public justice and contempt of court, Alfred George Curphrey, the young Englishman named as co-respondent in the divorce suit brought by Andrew W. Mellon, Pittsburg multi-millionaire, and Dr. Thomas S. Kirkbridge, Curphrey's friend and also an Englishman, were arrested here last night. The telegram upon which the arrest was made follows:

"Thomas F. Kirkbridge and Alfred George Curphrey are at Ritz-Carlton and have been indicted here on the charge of obstructing public justice and contempt of court. Arrest and hold for requisition. Agent with papers will arrive noon."

"HENRY MUTH."

"Chief of Detectives, Allegheny Co." The men were taken into custody at the Ritz-Carlton Hotel and removed by detectives to police headquarters last night. John W. Miller and Thomas J. Churchill, attorneys, were summoned by the prisoners. George Gordon Battle was retained by the Pittsburg authorities to prevent the release of the prisoners on bail until the arrival of the two Englishmen, main protest against their pedigrees being taken.

Shortly before midnight the court ordered the two men held in \$2500 bail, which was furnished by George Considine.

IGNORE SUMMONS.

PITTSBURG, June 16.—District Attorney Blakeley stated last night that the charges against the two men grew out of the fact that Curphrey ignored a summons to appear at a hearing and testify after he had placed himself within the jurisdiction of the Pennsylvania court. Kirkbridge, Kirkbridge was arrested a mystery.

Andrew W. Mellon, who is suing Curphrey as co-respondent, has a fortune of one hundred million dollars. He met his wife, who was Miss Nora McMullen, during a visit of a party of English tourists to Pittsburgh in 1897. Miss McMullen was 20 when she married him.

In August, 1898, rumors of divorce were current, which were strengthened by the report that Mellon had provided a trust fund of \$1,550,000 for his wife. Mellon filed his divorce suit September 4, 1910.

ARRAIGNMENT HAS BEEN POSTPONED ROOSTERS' CROWS DISTURB BUFFALO

Los Angeles Men Accused of Dynamite Attempt Will Appear Wednesday.

Public "Boarding Farm" to Be Established Outside the City Limits.

BUFFALO, N. Y., June 16.—A public rooster boarding farm outside the city limits is a novel feature of a plan submitted to the Board of Aldermen by the Buffalo Poultry Club. In response to an outcry raised against city poultry raisers by residents whose slumbers have been disturbed by the early morning choruses of chickadees. It is estimated that 10,000 people in Buffalo are raising chickens and there have been numerous complaints recently of the want of health.

The Poultry Club proposes to send all roosters to the country boarding place during the non-breeding season, from June to January. Funds are to be provided by a tax of \$1 on each fowl.

The club also proposes to establish a system of inspection for all city chicken yards to protect the people against unwholesome eggs and poultry.

NEW REMEDY FOR RELIEF OF DEAF

Remarkable Results Claimed
for Modern Vapor Catarrh
Treatment.

Health Expert Establishes His
Headquarters at Owl Store
in Phelan Building.

Remarkable results in the healing of chronic catarrh of the head, which in many cases had resulted in almost total deafness, are claimed for a new form of treatment now being introduced in San Francisco by Prof. J. M. Munyon, the wealthy philanthropist and scientist. In a statement relative to this new form of treatment, Professor Munyon said:

"I am glad to have an opportunity to talk about my new treatment for catarrh. I think it is one of the most important discoveries in the field of medicine, so far as research made in recent years. I do not claim the credit for the formula—I wish I could—but I am glad to be able to say that I had, and seized the opportunity to receive its exclusive rights, thus placing it within the reach of the general public."

"Many physicians consider catarrh a blood disease. Others say it is a purely local inflammation of the mucous membranes, while others say it is a nervous disease. A few doctors will tell you that there is no such thing as catarrh—that it is merely a symptom of some other disease."

"Don't pretend to say what catarrh really is, but I do know that my vapor treatment, combined with my general remedies for building up the entire system, is the most marvelously successful treatment I know. The new method of attacking catarrh has also proved very efficacious in relieving catarrhal deafness, head noises and other arduous troubles which result from the clogging up of the Eustachian tube and mucous secretions. Catarrhal deafness usually comes on gradually and may attack one or both ears at the same time. Whenever any form of catarrh in the head is neglected it will run into catarrhal deafness, nose and ear trouble."

"Catarrh is a bad symptom from which to suffer. The woman writer, because her mother, Mrs. Edwards, has utilized the Orpheum stage as a place from which to preach the lesson of physical culture, and the other mothers of Oakland are chided by the San Francisco woman writer for taking interest in "The Perfect Girl's" performance."

2200 SEE HER.

Although 22,000 persons, including a great bulk of the representative women of Alameda county, visited the theater to see "The Perfect Girl," and although THE TRIBUNE gave Woman's Day at the Orpheum which was attended by 3000 women, anxious to see and hear Mrs. Edwards and the other mothers of Oakland, the San Francisco woman writer because her mother, Mrs. Edwards, has utilized the Orpheum stage as a place from which to preach the lesson of physical culture, and the other mothers of Oakland are chided by the San Francisco woman writer for taking interest in "The Perfect Girl's" performance.

"The little Berkeley girl, Margaret Edwards, whose mother has devoted years to improving the physical culture course in the public schools, is pitted by the San Francisco woman writer because her mother, Mrs. Edwards, has utilized the Orpheum stage as a place from which to preach the lesson of physical culture, and the other mothers of Oakland are chided by the San Francisco woman writer for taking interest in "The Perfect Girl's" performance."

"The headlines of this article, referring to the 'Perfect Girl' make this statement: 'Her mother exhibits her, but Oakland mothers protest that she exposes her.' Following this come declarations like this:

"A good many disturbed, distressed and indignant Oakland mothers, singly and collectively, have been telling me about it through the mail, over the phone and in chance and premeditated meetings."

"Following this statement, which is, of course, calculated to put upon these disturbed, distressed and indignant Oakland mothers the responsibility of Miss Dare's concern about the matter, comes Miss Dare's description of the physical culture exhibition given by my daughter at the Oakland Orpheum, and her opinion of the same.

TERRIBLE THING?

"It is quite plain that in Miss Dare's opinion I have done a terrible thing in permitting my daughter, Margaret, to go through a series of physical exercises on the stage and to exhibit the various modes of the Oakland mode, what physical culture has done for her, and it is also quite clear that Miss Dare finds reinforcing for her opinions in the conversations she reports having had with a good many disturbed, distressed and indignant Oakland mothers, singly and collectively."

"It would not be flesh and blood if the strenuous indictment by Miss Dare and the Oakland mothers to whom she refers did not unpleasantly affect me. They affect me unpleasantly because they seem to me to indicate an almost utter blindness and ignorance of what I have tried to do for a number of years with my daughter, Margaret, both on and off the stage, in private and in public."

"If the truth is, as desired—and it certainly should be—I think it will be found to show that Miss Dare is tremendously mistaken about the attitude of the mothers of Oakland in connection with my work as a physical culture exponent, in which work my daughter Margaret has been an aid. I think the truth will also be found to show that instead of condemnation being due me as a mother, something vastly different should be expected, both from Miss Dare and of every woman."

WARMEST APPROVAL.

From every quarter—from business men, club women, teachers, educators, public officials, and private persons, have come the expressions of approval of Mrs. Edwards' mission, as exemplified today by President Taft. Both the United Confederate Veterans and the G. A. R. urged the President to attend.

In a letter to President Taft George W. Johnson, commanding the Department of the Missouri, United Confederate Veterans, said:

"What could be more pleasant to than to be the instrument in fulfilling the expressed hope and challenge of the great hearted McKinley in his famous Atlanta speech which gave rise to this action."

Not a soul in Oakland saw the impropriety of "The Perfect Girl's" physical culture exercises until a woman writer from San Francisco filled, as she explains, with purient curiosity, crossed the bay to a benighted community which, she declares, is "not cosmopolitan," and then, observing that a blinded and ignorant

woman had been given a "perfect girl" to teach, she wrote to the San Francisco press, calling for protest.

FRUIT GROWERS SEE PLOWING WITH POWDER

PLEADS GUILTY TO HAVING DOE IN HIS POSSESSION

FAIR OAKS, June 16.—Demonstrations in plowing by explosions of dynamite were made yesterday to half a hundred fruit growers and others gathered here for the convention of Sacramento county fruit growers.

The dynamite was placed in rows on the Sheldon Patterson place near here. When the charges had been set off, the ground had the appearance of having been plowed. Experiments were made also for drainage. The men in charge of the demonstrations were H. B. Caskill, A. L. Jones, W. M. Oliver and A. W. Stibich.

REDWOOD CITY, June 16.—Former Justice of the Peace W. O. McCormick was arrested last October for having a doe in his possession, pleaded guilty yesterday before Superior Judge Buck, who had the case on appeal.

The defendant had been convicted by a jury and served twenty days out of a ninety-day sentence before taking the matter to a higher court.

McCormick was released on probation sentence being suspended for six months in view of his previous imprisonment.

The former jurist must report monthly to Game Warden Joseph Hunter.

FAULTY PIERS MUST BE REBUILT

Harbor Commissioner Says
San Francisco Wharves
Are in Bad Condition.

SAN FRANCISCO, June 16.—Harbor Commissioner George H. Hill, after a partial inspection of the north end of the waterfront yesterday, made the statement that millions of dollars will have to be spent in doing over work that should have been permanent when built.

Hill says that every wharf and pier on the city front north of the Ferry building will have to be replaced, and that extensive repairs will be necessary to keep the wharves in commission until they can be replaced.

The most startling evidence of the faulty construction of some of the waterfront piers was discovered when one of the fifty-four piers supporting the apron of the Creek Route slip toppled into the bay.

The two forward piles were discovered by Diver D. O. Abrahmsen to be in a

shaky condition, both being nearly severed at the mudline.

The underpinning of all of the aprons of the ferry slips will be inspected with the greatest possible speed. Those slips found in a dangerous condition will be closed promptly for repairs.

Already two of the slips have been

found defective—slip 7, now under repair, and slip 8, used by Northwestern Pacific boats.

In addition to these recent discoveries, defective construction has been unearthened at the following places:

Pier 54, south of Mission rock, and the China basin.

Section 12 of the seawall, 1000 feet crumbling.

North annex of the Ferry building, entire structure settling and shaky. Watchman stationed to prevent riding of heavy teams through this structure.

Piers 8 to 27, with possible exception of pier 11, will have to be replaced by substantial new structures as rapidly as may be.

COURTMARTIAL TO CALL IN WOMAN

Object of Pippins' Affections
May Be Called On for
Testimony.

MARE ISLAND, June 16.—Captain Jim Salladay, U. S. M. C., Mare Island's new judge advocate, opened his office yesterday to receive his commanding Paymaster Captain, U. S. N. C. A. young woman of Napa, with whom Pippin kept company, is likely to be called in, in an effort to learn if it is true that Pippin showered considerable of his alleged peculations upon her.

Although no definite word has been received at Mare Island, it is understood that the 500 marines now at San Diego will return to the yard barracks soon.

Almost \$40,000 was distributed at Mare Island yesterday morning and afternoon among the different mechanics and laborers. The working force, including the mechanics, laborers and clerks, is 2200.

Active service has been commenced in the Mare Island boat shop on the construction of the six new racing cutters for the cruisers of the Pacific fleet. They will cost about \$350 each and will be much lighter than those now in use.

Although the targets were much smaller this year, a remarkable improvement in the marksmanship of the navy is shown in the report of the navy department, which has just reached the yard. Twice as many hits were made in the last target practice with the large guns as in the score last year.

Fifty shipwrights who completed the repairs to the hull of the cruiser Denver took up their work in the public works division by the hull department, so that they can assist in the construction of the new collier ship.

Country Lands Invite Investment.

There is not to be found anywhere a more inviting field for investment than the region immediately back of Oakland and the great interior valleys of the State, particularly the Sacramento valley. Here are to be found the finest farm lands in the world, the most delightful sites for country homes and the surest returns for money invested.

Now is the time to buy, for a great stream of immigration is pouring into California. By the time the Panama-Pacific Exposition opens this stream will have swelled to a flood. All the world is land hungry, and such choice lands as those in the hinterland of the littoral between Monterey and Eureka are bound to attract the most prosperous, cultured and thrifty of the home-seekers who have their eyes turned westward.

In the valleys of the Coast Range are found a rich soil, climatic conditions nearly perfect as the earth affords and an incomparable variety of production. Here is the extreme of mildness in the temperate zone, rare beauties of landscape and a soil that is capable of producing every fruit and vegetable known except those peculiar to the tropics. Here the orange and the lemon reach perfection beside the cherry and the apple. A few acres furnish a self-sustaining country home within easy reach of the cities on the bay shore. The transportation facilities are unexampled for speed, cheapness and convenience. The charm and wholesomeness of rural life are brought into the closest possible touch with the business, the amusements, the conveniences and the varied culture of the cities of Oakland and San Francisco. A home in this favored region is a safe and profitable investment that will steadily grow in value with the increase in population and the extension of facilities for suburban traffic.

Still further back lie the delta lands at the confluence of the Sacramento and San Joaquin rivers, the vast and fertile areas of the Sacramento and San Joaquin valleys and the fruitful uplands that swell up into the foothills of the Sierra. Speaking of the fecund west, Washington Irving said: "Tickle the soil with a hoe and it will laugh with plenty." In the Sacramento valley the soil is fruitful beyond comparison. It not only laughs, but riots with abundance when titillated by the husbandman. It produces all kinds of grain and fruit and is wonderfully adapted to intensive farming. The great landed estates, which have hitherto been an obstacle to development, are being subdivided into farms varying in size from one or two hundred acres to five and ten-acre plats. New transportation lines are being opened and great irrigating systems are being constructed to divert the waters of the Sacramento all over the wide-stretching areas of fertility which only need water and tillage to be transformed into gardens and orchards.

The great central watercourse traversing the valley is being utilized for irrigation and for transportation; its tributaries are being utilized for the generation of electric power which light the towns and villages, turn the wheels of mills and factories and supply the motive energy for the trolley lines which are penetrating the region in every direction. Development in this fat land has just begun; diversified agriculture has only started to take the place of the old order of wheat and cattle growing on immense ranches. Under the impulse of irrigation dairying is coming to be an important industry; it is destined to develop into one of the most extensive and profitable branches of husbandry in California. There is no more inviting field for it in the world than the Sacramento valley.

With the cutting up of the big ranches and the construction of irrigating systems, the isolation of country life in the great interior alluvial region is disappearing. New towns are being built, good roads constructed and the conveniences of modern communal life supplied. Schools and churches supply the needs of education and religion, and the electric wire charged with the momentum of the mountain streams furnishes a light to supersede the coal oil lamp. In consequence a rural civilization is springing up in the Sacramento valley that is enormously adding to the value and productivity of its lands. Hence the man who buys now while the lands are cheap will make an ideal investment. He will acquire a nest-egg, a home-stake that no vicissitude can decrease in value or deprive of fructifying power. Irrigation is a perfect safeguard against drouth and the great river is an insurance against transportation overcharges. The growing tide of incoming population insures a rapid advance in property values and a betterment of social conditions.

The marvel is that so many should hesitate to buy when offered bargains in this territory. If they desire to engage in any branch of agriculture or horticulture there is no fairer field for enterprise than in the Sacramento valley. It is a field of varied opportunity and a diversity of production. The topography and the climate can be adapted to tillage in all its forms. There is tilth and pasture, upland and meadow, delta and mesa to choose from. Whether one desires to grow fruits and vines, breed cattle and horses, engage in dairying, or grow grain and vegetables, the Sacramento valley offers him an inviting choice for his taste and activities and a rich return for his labor and investment.

Senator Bristow's attempt to kill the reciprocity bill with an amendment is in harmony with his action in tacking to the Constitutional Amendment providing for the election of United States Senators by popular vote an amendment providing for Federal supervision of such elections. The Senators opposed to the election of Senators by popular vote aided him to load down the proposition with an amendment which will provoke the hostility of every Southern State. Senator Bristow is an insurgent and professes to favor the election of Senators by popular vote, but he has done something that is likely to defeat the measure at this session of Congress. Had the Senate adopted the amendment as it came from the House it would probably have been ratified by a sufficient number of States to make it operative. Should it pass the House in its amended form the Bristow amendment will provoke enough opposition in the Southern States to insure its rejection. Of a verity Bristow is a crab-like reformer.

The chauffeur who tries to race over railway crossings in front of an approaching train is the type of fool that is worse than a criminal. He endangers life without purpose, and apparently from excess of zeal to prove that he is an idiot.

It is the function of public opinion to make the law not to decide what is the law. The advocates of applying the recall to the judiciary want "the people" i. e. the mob, to make laws to fit every case which arouses popular excitement or provokes public resentment. Senator Gates, the author of the amendment, says the object of the recall is to compel judges to construe laws in "the spirit of the time," "in accordance with the desire of the people" and "in obedience to public demand." These euphemisms do not disguise the fact that Senator Gates proposes to substitute the adjudication of Judge Lynch in place of the existing system of judicature. What else does he mean by rendering decisions in the spirit of the time and in obedience to public demand?

THE REAL PEACE BIRD

Chasing the Presidency.

"No man was ever elected President who chased the office," says the Albany Evening Journal. The remark is evidently a slap at Woodrow Wilson, but it is nevertheless in harmony with the truth of history.

Henry Clay, Russell A. Alger, John Sherman, James G. Blaine, William H. Seward, Thomas A. Hendricks and William J. Bryan are conspicuous examples of the failure to gain the Presidency by chasing it. All these men sought the Chief Magistracy year in and year out for a generation, and not one ever reached the goal of his hopes. Hendricks was made Vice-President, but that office was a bitter disappointment to him. He took it under the impression that he would be made a partner in the administration of Grover Cleveland. He was promptly relegated to the top shelf in the retiring room for back-number politicians.

No man ever began to chase the Presidency with such energy and open zeal as Professor Wilson. He had hardly warmed his seat as Governor of New Jersey before he started on a campaigning tour, having the Presidential nomination for its object. He may succeed. Every rule has its exceptions. But he is playing a game that many of the past masters of American politics have played and lost. In making himself too common, too familiar with the multitude, a statesman who seeks the most exalted office in the Republic loses something of "the dignity that doth hedge a king." He may be a popular idol, but somehow the sober second-thought of the nation turns against him.

No man ever aroused more enthusiasm among their followers, were more loudly acclaimed, or were supported with more ardent devotion than Henry Clay, James G. Blaine and William J. Bryan. But they could not be elected. The glittering prize they chased with such assiduity escaped them all. The lesson of their experience is apparently lost on the scholar-statesman of New Jersey. He is following a path that has led a number of able and popular men to defeat and disappointment in the past.

20 YEARS AGO IN OAKLAND

Colonel Robinson and J. T. Moran are making arrangements to sell the Oakland baseball nine to a joint stock company composed of Oakland men. Robinson will take one-third of the stock for \$2000 and forty men will put up \$100 each. The franchise is valued at \$6000. The deal is near consummation.

The will of Rev. Presley B. Smith, deceased, has been presented to the court for probate by his son, Emory F. Smith, who is named as executor. The estate is valued at \$2500 and is bequeathed to his two sons and his granddaughter, Merita Smith.

The cause of woman's suffrage has received another set-back and the superiority of man has again been demonstrated. A red-headed book agent has swindled nearly all the lady leaders of Oakland society in obtaining their signatures to notes of various amounts. C. W. Kellogg of the Tubbs Cordage Company, has been selected by eight of these better halves to look into the matter for them.

Mr. and Mrs. George D. Behnken and Mr. Sam Simons of Hayward celebrated their wooden weddings together at the Behnken residence, Tuesday evening.

E. J. Koeng of Twenty-third avenue left the council chambers last night a happy man for he had won his fight against the anti-saloon workers of Twenty-third avenue, the council having granted him a permit to get a liquor license.

Now who will go to work on a bonus for a big hotel? If we make up a fat subsidy it will act as a bait to allure some capitalist or syndicate.

Among the Oaklanders who are leaving on their summer vacations this week are the following: Henry Dare, F. C. Havens, J. P. Sempham, George Short, Thomas A. Powell, W. B. Ball, Mrs. F. S. Smith, Gus Brown, Misses Winnie and Addie Wall, Miss Kate Whittaker, Mr. and Mrs. Frederick Wilson, N. W. Winton, Miss Carrie Butterfield, Mrs. Alice Winters, William Fine, W. C. Little.

The estate of Sarah Parmlee, who died in this city nine months ago, has been appraised at \$47,710. It consists of real estate in Oakland and stocks and bonds.

METAL PRODUCTION

There was an increase of \$230,695,617 in the value of metals produced in the United States in 1909 over the value in 1908, as shown by an advance chapter from "Mineral Resources of the United States, 1909," on "The Production of Metals and Metallic Ores in 1908 and 1909," by Waldemar Lindgren, just issued by the United States geological survey. In 1909 the total production had a value of \$870,445,230; that for 1908 was valued at \$649,779,618.

Fig iron led in 1909, both in quantity and in value, the output being 25,638,883 short tons, valued at \$41,547,773, of which 27,689,883 tons, valued at \$397,907,610,

was derived from domestic ores. Refined copper, gold, silver and lead, in value of production, followed in the order named.

Our own mines produced 57,443,584 short tons of iron ore in 1909, as against 40,201,336 short tons in 1908. Copper ores came next, with 23,025,092 short tons in 1909 and 22,358,857 tons in 1908;

zinc and zinc-lead ores were next, with 10,679,608 short tons in 1909 and 8,157,963 tons in 1908; gold ores followed, with 9,241,827 short tons in 1909 and 8,991,751 short tons in 1908; lead ores were fifth in order of total production, with 5,511,637 short tons in 1909 and 5,082,853 short tons in 1908.—United States Geological Report.

W. J. BRYAN FLAYS BOURBON CRITICS

Leader Declares Men Opposing Him Are Guilty of Treachery.

LINCOLN, Neb., June 16.—In a sensational reply to men who have accused him of trying to be a dictator, William J. Bryan bids defiance to Democrats who are criticizing him and intimates it is the same man who he says have been treacherous in the past.

His declaration, which will appear in the forthcoming issue of his "Commoner," goes back to the time when he was candidate for President, when, he declares, through three campaigns he was knifed by Democrats claiming to be his friends, even committee-men being in league against him and giving comfort to the opposition, Bryan says in part.

"Mr. Bryan has attempted to dictate to the Democratic party, but has no desire to do so, but as a member of the Democratic party Mr. Bryan has exercised the right to express an opinion upon public questions and upon public men, and this right he expects to continue to exercise. He will not be deterred from discharging what he regards as sacred duty by abuse, but he is accustomed to abuse.

"His body, politically speaking, is scarred over by knives that have been wielded by the representatives of plutocracy inside of the Democratic party and outside. He has made three campaigns and in every one of them he has had to meet treachery within the party, as well as being assailed from without."

CASTRO NOT ON BOARD GROSTUCK

Consul for Ecuador Denies the Deposed President Is at Port Au Prince.

HERLICH, June 16.—George Grostuck, consul for Ecuador at Berlin, who sold the dismantled Italian cruiser Umbria to the Haytian government, stated today that the whole story that Cipriano Castro, the exiled president of Venezuela, was aboard the craft, which is now known as the Consul Grostuck, was a myth.

Grostuck received a cablegram today announcing the arrival of the vessel at Port au Prince. He said the ship was to be delivered at Hayti. He added that Castro, while in a hospital here in 1909, had negotiations with him for the purchase of two ships, but these negotiations were broken off when the Venezuelan president was deposed.

The Consul Grostuck arrived at Port au Prince yesterday flying the German flag and the officers going ashore were received by President Simon. Later it was officially denied that Castro was on board.

FAIR RESOLUTION GOES INTO HOUSE

Chairman Hefling Introduces a Bill Providing for Exposition Commission.

WASHINGTON, June 16.—Chairman Hefling of the house committee on Industrial Arts, and Expositions yesterday introduced the long expected joint resolution for providing a government commission to act in conjunction with the Pacific International Exposition company in the management of the celebration of the opening of the canal in San Francisco in 1915.

It is closely modeled on the lines of the bill introduced by General Estopinal when New Orleans thought she had a chance of being designated to host the exposition. It provides for the appointment of five commissioners by the President and each is to have a salary of \$7000 a year.

But it is the time during which they shall hold office, but inasmuch as they are subject to removal by the President, that is not an oversight. He may dismiss them when their work is done.

As soon after the appointment of the commission is practicable the Secretary of State shall call them together at San Francisco, where they shall organize by electing a chairman and a secretary.

The salary of the latter is to be \$4000 a year, which is \$500 higher than the salary proposed in the bill. In addition the secretary is to have \$5000 a year for the expenses of his office. All salaries are to be paid by the exposition company.

The Secretary of the Treasury is required to have the exposition company deposit money or securities sufficient, in his judgment to cover the cost of any medals, certificates, awards, or other tokens of appreciation to exhibitors.

Or he may accept a bond from the company conditioned upon the faithful performance of duties in connection with the conduct of the exposition.

Chairman Hefling has no definite plans with regard to the resolution, but thinks it will go over until the next session.

PLYMOUTH, N. H., June 16.—The police are scouring the woods near here today for two armed men who held up Alice Head, cashier of the Vassay Lumber Company at West Thornton late yesterday and missed getting an express package containing \$20,000 by a few minutes.

It was payday at the camp and the money had been shipped by express to the lumber company. For some reason the express was delayed slightly and the robbery only netted the pair \$16.

PENROSE PREDICTS VOTE OF SIXTY FOR RECIPROCITY

Declares Two-thirds of Senate Will Favor the Bill of President.

ASSURES TAFT OF A SUCCESSFUL OUTCOME

Declares Measure Will Be Put Through at Very Early Date.

WASHINGTON, June 16.—Chairman Penrose of the Senate committee in conference with President Taft today, confirmed the report that sixty senators are expected to vote for Canadian reciprocity and predicted that within two weeks a date for a vote would be agreed on. He gave the President a detailed report of the situation in the Senate and declared the bill would be passed without amendment.

Later Penrose issued a formal statement in which, he said: "A careful canvass of the senate shows that sixtieth members, or substantially two-thirds of the Senate, are in favor of the Reciprocity bill and more than that number will be opposed to it. No amendment.

The Senate will hold daily sessions from now on and during the next two weeks great progress ought to be made toward reaching a final vote on the measure. The bill will be passed at an early day without amendment. It will be well if it could be passed before the Canadian parliament re-assembles in the latter part of July.

WOOL BILL IN SENATE.

"The probabilities are that the wool bill will reach the Senate in a few days and the finance committee will be called together for the purpose of considering the bill. It is well understood that the tariff bill has been hard at work investigating the wool schedule and will be ready to report next December. It is not reasonable, therefore, to expect that the Republican majority in the Senate will take up the wool bill until the tariff report shall have been received.

"The free list bill opens up a wide range of tariff discussion and the finance committee is in receipt of requests from all over the country asking for hearings on the numerous schedules of that bill. As no hearings on the bill were given by the house committee, it is only reasonable that opportunity should be permitted to the various manufacturing interests concerned to present their statements to the Senate committee and at as early a date as possible the committee will hold such hearings so far as will be practicable between the long and continuous sessions of the Senate, to be devoted to the reciprocity bill, the early passage of which is the first consideration of the present session.

GIFTS MADE TO FRANK M. CERINI

Medal and Gold Bound Fountain Pen Presented to the Popular Banker.

The recent visit to Oakland chapter, American Institute of Banking, of George A. Allen, educational director of the institute, was the occasion of the presentation to Frank M. Cerini, of the Oakland Bank of Savings of two souvenirs by way of recognition of his connection with and services to the organization, both as member of the local chapter and also as an officer of the national body.

The first of these was bestowed by Allen and consisted of a gold badge, appropriately inscribed. Cerini is the representative on the national committee on the Pacific coast.

The other gift was a fountain pen bound in bands of gold. It was presented by a class of young men in the banking business, members of the local chapter, American Institute of Banking, whom Cerini had taken through a course of banking and finance at the Oakland clearing house during the years of 1910 and 1911.

PIEDMONT SEEKS

NEW WATER PLANT

Dr. Dudley Smith Would Have Town Take Over the Property.

PIEDMONT, June 16.—The town trustees at their meeting last night heard a petition from Dr. Dudley Smith asking that the various water companies about the bay submit estimates as to how much they would charge to pipe water to Piedmont and build a plant here.

Smith's idea is to have the water company erect and establish a plant and then have the town take it over.

City Attorney Ballantine advised the board against joining with the city of Oakland in the project to condemn the plant of the Peoples Water Company, asking that further action be withheld until the report of the special Oakland municipal water supply committee is presented to the Oakland council.

Water rates for the coming fiscal year were then fixed at the prevailing figure, which averages 35 cents per 1000 gallons.

KAUFMAN MUST SHOW CAUSE BEFORE LAWOR

SAN FRANCISCO, June 16.—The district court this afternoon issued an order to show cause directing Judge Lawlor to appear next Monday to answer the demand of Attorney W. W. Kaufman that a writ of mandamus be issued compelling him to dismiss the indictment against A. K. Detwiler, an official of the Home Telephone Company. On Tuesday Attorney W. W. Kaufman, representing the defendant, applied for a writ of mandamus asking that Judge Lawlor be compelled to render a decision on his motion to dismiss the indictments, for lack of prosecution. The court has not acted upon this petition, but instead issued the order to show cause.

FINANCES OF NEW HOTEL IN GOOD SHAPE

The Tenth Call for Payments Responded to Promptly by Subscribers.

\$300,000 Additional Stock to Be Issued for Furnishing Big Building.

J. P. Edoff, secretary of the Hotel Oakland company, which is constructing the hotelery at the intersection of Harrison Thirteenth and Alice streets, made the announcement today that the tenth calls for payments of the subscriptions toward that project have been made and that every one of them has been responded to in a most liberal manner by the 121 subscribers to the stock in this city. The amount involved in the subscriptions was \$750,000 and out of this sum there is a delinquency of less than \$5000. All the money required for the completion of the structural part of the hotel is in the hands of Secretary Edoff, who feels that the showing is a tribute to the enterprise and liberality of the business men of this city.

The new hotel presents a most beautiful and commanding appearance and will be completely inclosed and the tiles placed upon the roof before the end of July.

All that remains now is the issuance of about \$200,000 in additional stock for the furnishing of the hotelery. It is known that this money will be raised without tariff for the reason that a number of financiers and business men have already spoken for some of the securities.

Artists are working on designs for the furniture which is to be used in the hotel and it is said that some of the ideas which have been submitted show that the interior furnishing, with equal in richness that of any in the country. An effort will be made to open the hotel toward the close of the year.

While it is conceded by government

engineers that the river can be made navigable, the remaining question concerns the amount of freighting that would likely be secured in case the improvements are made.

Colonel John Biddle has made a demand upon the navigation committee for proof of the navigability of river navigation from a commercial standpoint.

As his report must be in the hands of the government within a short time, the committee has decided to call a mass meeting in a few days, at which river improvements will be discussed from every standpoint.

Miss Ada L. Simpkins Comes All the Way From Wales to Wed.

Miss Ada L. Simpkins, twenty-three years old, arrived in Oakland yesterday at noon, at 1 o'clock from Pembroke, Wales. A hour later she was at the marriage license counter, and fifteen minutes after that Justice of the Peace Aaron Turner made her the wife of Gilford C. Goodfellow.

The two were children together in Wales. Six years ago Goodfellow left to make his fortune. He decided a month or so ago that he had accumulated enough to warrant matrimony and sent for Miss Simpkins.

She packed her trunk and left on the next steamer. Goodfellow was at the station when she arrived and took her to the County Clerk's office.

When the license was issued an emergency call was sent to Turner and he arrived in a taxicab. The ceremony was performed with Deputy County Clerk Curran as a witness. Goodfellow and his wife then left on their honeymoon.

A CONSTANT ITCHING AND BURNING

Night and Day. Cried All the Time.
Used Most Everything. Cuticura
Remedies Cured Itching in 3
Days. Healed in 8 Days.

"I was taken with the itch in April, 1904, and used most everything I had. A friend paid me a visit from Cumberland, and she advised me to use Cuticura Remedies which I did. The itch was certainly cured, and ever since to this day, I had it terribly under my knees. I only used one box of Cuticura at a time. I bought the boxes of Cuticura Ointment, and I use the Cuticura Soap all the time. I hope this will benefit others, as it has done after all, and others could do nothing for me." (Signed) Miss Lu Johnson, 1523 Ninth St., N.W., Washington, D.C., April 3, 1910.

In a later letter, Miss Johnson adds: "The trouble began with a small pimple under my knee, and extended upwards toward my waist, until I was not able to sit down. It kept a constant itching and burning all the time, and I could not sleep at night. I consulted a doctor but he could do me no good after I do not know how many medicines he gave me, and when told me I would be compelled to go to a specialist, who would not even refuse to do. I cried all the time. Finally I made up my mind to try Cuticura Remedies, and try Cuticura Film, Ointment and Soap, which was the best treatment I found three days after I started using them. The healing took about eight days. I consider Cuticura Remedies marvelous, and would like to advise everyone to use it. I hope everyone suffering from any skin disease will try Cuticura, for it is mine forevermore."

The Cuticura Remedies afford the speediest and most economical treatment for skin and scalp diseases without the cost of the world. Potter Drug & Chem. Co., proprietors, 138 Columbus Ave., Boston, Mass.

S.S.S. REMOVES ALL HUMORS FROM THE BLOOD

The cause of all skin diseases can be traced to some humor in the blood, and therefore the cure of any skin trouble can come only through a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., relieve some of the itching and discomfort, but such treatment does not reach the blood, and of course can have no real curative effect. S.S.S. cures Skin Diseases of every kind because it purifies the blood. It is an internal remedy for an internal trouble, and works on the only reasonable and certain method of cure. S.S.S. removes all acids and humors from the circulation and leaves the blood stream rich, healthy and nourishing in order that it may supply the cuticle with the necessary properties to restore it to its smooth, normal condition. Book on Skin Diseases and medical advice free. S.S.S. is sold at drug stores.

POLICY VOIDED BY HOLDER'S BUSINESS

Court Declares Order Need Not Pay if Member Is a Saloon Man.

NEW HAVEN, Conn., June 16.—By a decision handed down by the supreme court here, it is established that an insurance order is not obliged to pay the insurance policy of a member who engages in the liquor business.

John Burns, after becoming a member of the United Workmen, engaged in the liquor business, but continued to pay his premiums regularly.

At his death the order refused to pay the \$2000 policy on the ground that according to the laws of the order liquor dealers could not carry life insurance. The order was upheld on appeal.

COAST RATE WAR DUE ON RAIL AND OCEAN

LOS ANGELES, June 16.—There is a lively railroad-steamship rate war between this city and San Francisco. When the Southern Pacific Railroad Company announced its round trip rate of \$18.70 for the International Sunday School convention and arranged for seven special trains, the Pacific Navigation Company, operating the steamer Yale and Harvard, came down to \$10 and took away enough passengers to leave the railroad only one train load.

That is the direct reason for the Southern Pacific's announcement of a \$10 round trip fare. This carries a fifteen-day limit, while the steamship limit is twenty-nine days. There is a possibility that it may go after further traffic with a still lower rate, though none has been announced.

The San Francisco and Portland Coast Railroads are not participating, but if the fight is carried on for any considerable length it would appear that they might get in for self-protection.

The Santa Fe announced yesterday it will participate in the low rates using its own tracks from San Diego and the Southern Pacific from here, making the round trip to San Francisco \$14.

FORMER MRS. BELL ASKS IMMUNITY BEFORE TAKING STAND

Declares She Will Not Tell the Grand Jury What She Knows Otherwise.

RENO, Nev., June 16.—A flat refusal on the part of Attorney Frank Mayers to testify before the grand jury regarding the alleged perjury committed by Mrs. Corrine Bell-Derby in her first trial for divorce that resulted in the charge of abortion, or perjury, against W. H. Schmitzer, the disbarred attorney, it is understood, occurred yesterday.

Mayers was the legal representative of Mrs. Bell, now Mrs. Derby, and it is understood, refused to enlighten the minds of the members of the grand jury with regard to the perjury proceedings on the plea of betraying professional confidence.

It is also understood that Mrs. Bell will not come to Reno from her home at Natomas, Cal., unless granted immunity and having all expenses paid. She has informed the grand jury that she is willing to give testimony, but will not produce evidence that will tend to convict herself.

Appeal to Taft

WASHINGTON, June 16.—President Taft was asked yesterday to perform a marriage ceremony during the celebration of his own silver wedding anniversary.

The request came from a couple in New Jersey, but the White House would not give out the names of the persons. The letter, however, is as follows:

"It is my desire to be married by the president of the good old United States of America, and seeing that your wedding anniversary is to be celebrated Monday, thought it would be appropriate for the occasion and at the same time make two souls very happy."

There is no doubt that the president would like to make "the two souls very happy," but a wedding at this time and at this place, with the executive as the officiating minister or magistrate, is not on the program.

Owns Big Leaguers

CLEVELAND, June 16.—Suit for divorce has been begun by Mrs. Schuyler Britton here against her husband, Mrs. Britton is the owner of the St. Louis National league baseball club and is the only woman owner of a major league baseball team in the country.

Britton is out of the city and his friends profess ignorance of his whereabouts. He is president of the Britton Printing Company and has other large business interests.

Bar Second Wedding

LOS ANGELES, June 16.—Five hundred persons gathered to witness the wedding of Miss Florence Lillian Waters, daughter of Russell J. Waters, banker and former congressman, and Eli Perrin Fay at the Bell Clubhouse, were astonished when, in the juncture where the vows were taken, Rev. E. Stanton Hodges, the officiating clergyman, declared:

"There is an insurmountable obstacle to this marriage, and it cannot proceed." The bridal procession had moved to the altar through garlanded aisles, a preliminary sermon on the institution of marriage had been given and prayer offered, and a tense silence followed the minister's startling statement.

Then he announced that the two were

A JUNE WEDDING.

A very pretty wedding was that at the home of Mr. and Mrs. S. Meyer, 142 Orange street, Sunday afternoon, June 11, in which the elder daughter of the home, Miss Ethel Meyer, became the bride of Robert L. Ritter. There were bidden to the ceremony seventy-five guests.

The home was beautifully decorated with flowers, the color scheme being pink and white. The ceremony was performed by Judge Samuel. The bride was attended by her sister, Miss Josie Meyer, as maid of honor, and the Misses Alice Williamson and Martha Jordan as bridesmaids.

The groom was attended by Melvin Stokes, as best man. The wedding march from the opera "Lohengrin" was played by two cousins of the Yvonne Landsberger and Joseph Lewis.

The pretty young bride was charmingly gowned in white marquisette and presented a pretty picture as the solemn words were uttered proclaiming her a wife.

The happy couple were recipients of a number of valuable and useful presents.

They left for Sacramento on the 6:15 train and will return in the near future to make their home with the bride's parents.

newspaper men to the railway station,
John D. Rockefeller arrived here today
for his annual summer stay at Forest
Hill, his estate in East Cleveland. He
was accompanied by Mrs. Rockefeller and

almost ready to pull out. He was imme-

porters.

"Please, please, gentlemen," pleaded
the richest man in the world, "don't

"why can't I be allowed to come home

SUTTON MUST
EXPLAIN TO
COURT

Judge Graham Intimates the
Former Architect Is in
Contempt.

Fight to See Her Children to
Be Continued by Their
Mother.

SAN FRANCISCO, June 16.—The bat-
tle being waged by Mrs. Ethel Montgom-
ery of Oakland for two little girls,
now in the custody of her first husband,
Albert J. Sutton, formerly a well-to-do
architect of this city, was resumed in
Judge Graham's court this morning for
a brief space. The proceedings could be
regarded as little more than skirmish.
The case was adjourned until Tuesday,
when the fight will be resumed.

Judge Graham hinted that he was of
the opinion that Sutton had been guilty
of contempt of court in removing the
children out of his jurisdiction in order
that he might get them away from their
mother.

The story of the mother love which
has prompted Mrs. Montgomery to use
every effort and strain every nerve for
the possession of her loved ones has been
told on several occasions.

DECREE MOVED.

Mrs. Sutton, who was Miss Ethel Meek
of Hayward before her marriage, and a
society belle in the bay cities, contends
that she was advised by her attorney to
let the divorce go by default. On her
presentation of the facts, Judge Graham
made no modification of the decree which
had given the children to Sutton, and
ordered that the little girls be placed in a
home where their mother could see them.

Later she protested that she was
handicapped by a third party who was
present at all her visits, and the court
made an order that she should see them
alone. Subsequently Sutton remarried
and has taken the children to Oregon,
where it is understood he is engaged in
farming. Mrs. Sutton, who fell heir to
a considerable fortune, in the meantime
married her present husband and is anxious
to have the children allowed the companionship
of their children.

It was also stated that the present
commissioners had during the past two
years worked without remuneration and
had paid as much attention to their
work as if there were a liberal salary attached
to the office.

LAST REGULAR MEETING.

Yesterday the last regular meeting of
the present park commissioners under
the old charter was held, but between
this time and the first of July, when the
new charter goes into effect, there will
be several meetings held for the purpose
of closing up in a perfect manner, the
affairs of the organization.

The work of the commissioners, which
had included the expenditure of many
thousands of dollars for material and
labor, has been accomplished without a
defect and the affairs and records of the
board are in the best possible condition.

port, the wife was induced to abandon
the action for divorce by cross-complaint
for the welfare of the two children upon
the promise of Sutton to live up strictly
to the terms of the decree granting the
mother the right to see the children.

TAKEN FROM STATE.

No sooner had the decree been granted,
however, than Sutton took the children
out of the state, thereby nullifying his
promises and making ineffectual for any
purpose the court's orders. Several
months after the final decree of divorce
was granted, Mrs. Sutton married A. E.
Montgomery, a wealthy easterner, who
built her a beautiful home in the fash-
ionable Claremont district, where she is
living.

Among the stories circulated by Sutton
there is one to the effect that Montgomery
was formerly a saloonkeeper, but
under it is written that Montgomery
owned the lease in a downtown
district of San Francisco upon a portion
of which a saloon was located.

force took part. "General" Pryce was
arrested on an indictment found in Los
Angeles for violation of the neutrality
laws.

Being unable to furnish the bond, fixed
at \$3000, the prisoner said that he would
waive jurisdiction and allow himself to be
returned to Los Angeles for trial. He
will be taken south tonight.

Pryce said that he left Lower Cali-
fornia several weeks ago. He believed
the insurrection there was at an end.
He denied that he ever had anything to do
with equipping forces in the United
States, for the aid of the Mexican
rebels, or that he left Los Angeles
under fear of an indictment. He said
that he came to San Francisco in search
of work.

Pryce said he had no trade or profes-
sion other than that of soldiering, but
he hoped to be able to find some sort of
employment here.

SOLDIER OF FORTUNE.

SAN DIEGO, June 16.—C. R. Pryce,
soldier of fortune, who led the Lower
California rebels when they captured
Tijuana, Lower California, last month,
quietly disappeared from Tijuana about
three weeks ago. He went to Los An-
geles ostensibly to find out why the Mex-
ican liberal party's junta there had not
sent arms, ammunition and supplies to
the rebels at Tijuana. Once in Los An-
geles he was heard from a few times and
then dropped from sight until he turned up
in San Francisco looking for any job
that would provide some excitement.
According to stories about him he is a
Welshman and served in the British
army and in the Boer war. He was first
captured in connection with the revolt in
Lower California after Stanley Williams
and his adventurers were nearly wiped
out by Mexican troops at Mexicali. Then
he was promoted to the command of the
so-called second division of the
army and retained that position until he
decided he was fighting for a lost cause.
He was arrested on June 12 in San Diego by
United States troops for attempting to
cross the line to Tijuana and was released
a day or two later on orders from
the war department at Washington.

MAYOR-ELECT SAYS
HEADS NEED NOT
GO UNDER AXE

If City Officials Do Duty They Can Keep Jobs, States Wilson.

PUBLIC "SERVANTS"
WARNED TO KEEP BUSY

"To Victor Belongs Spoils" Is Out of Date, Declares the Socialist.

BERKELEY, June 16.—For the first time Mayor-elect J. Stitt Wilson today outlined his policy regarding city appointive offices.

"At first we shall probably make few appointments," he said. "Others may follow later. Perhaps some shall be entirely dropped for the present. Some posts will not be made immediately, even where eventually contemplated. The exigencies of the very important affairs that are to come before us may demand changes which we do not at present choose to make. Time will tell."

DEPARTMENTS WARNED.

Among the appointees of Mayor Hedgeshead's administration now serving the city, there will continue to be uncertainty following Wilson's statement, for the mayor-elect has not definitely stated what changes are contemplated. The legal and public works departments, however, are warned that much is expected of them.

Wilson said today: "Many people look upon the matter of appointments at the city hall as the all-important affair of the new administration. This is a relic of the old partisan politics, with its cry 'To the victor belongs the spoils.' They expect the new mayor to be out swinging the headman's axe. In this respect I am afraid I shall prove quite disappointing. We do not expect to play the bull in the china shop down at the city hall."

To the extent, however, that we have a large and significant municipal policy to carry out on behalf of the people, every appointment is significant. We want every man in the city hall to render his quota of service in executing the will of the people. The charter does not provide for the recall of appointees, and therefore the mayor and commissioners are doubly bound to see that every office is filled by efficient and reliable persons capable of rendering genuine service, not only to the routine of an office, but to the larger call of the people in a progressive municipal policy. Every person in the city hall is a hired servant of the people. And besides they are not isolated units drawing salaries, but a collective force, whose interrelated labors and services make for the most economical and advantageous administration of civic affairs.

GROWING BUSINESS.

The city administration is a growing business concern. In our term of office we shall probably deal with projects requiring millions of dollars' outlay and involving, not only ourselves, but the posterity of the greater Berkeley that is to be. And it is of the greatest importance that our appointees, especially to such departments as the legal and public works departments, shall render yeoman service to the cause of the people. The public will expect this and will be quick to sense any failure in this respect."

RICHMOND, June 16.—The Sequoia Club threw open its new rooms in the Neill block last night to members, and the appointments of the quarters aroused much commendation.

SAN JOSE, June 16.—G. S. Lester, Oakland real estate dealer, a young man who moves in the best local society and a member of a well known pioneer family, appeared in the justice court yesterday afternoon on a charge of arson growing out of alleged attempt to burn the McCarthy mansion on the Alameda, in which he had a second mortgage interest.

It is alleged that Lester attempted to burn the place so that the first mortgage might be paid off with insurance money, leaving him with a lot worth \$200 for his mortgage of \$100. T. W. Barstow, a capitalist, who lives near the McCarthy mansion on the Alameda, in which he had a second mortgage interest.

REVENGE PROMPTS WOMAN TO TESTIFY

Mrs. Mattie McDermott Takes Stand for Edgar S. Cooke.

ACCUSED MAN ALSO CALLED TO DEFEND

Auditor Higgins Places Wariner's Shortage at Sum of \$643,000.

CINCINNATI, June 16.—Edgar S. Cooke, accused of embezzeling \$24,000 from the Big Four railway, took the stand in his own behalf today to refute the accusations hurled at him by Charles L. Wariner, defaulting treasurer of the road and Mrs. Jeanette Stewart Ford.

Previous to the appearance of Cooke, another woman had taken the stand in the case, and in the testimony she appeared as one who had devoted her life to but one thought—revenge. Mrs. Mattie McDermott, of Morrow, Ohio, was this witness.

She boasted that through her efforts, Frank M. Couden, of Warren county, lost his position as cashier in the office of the collector of money customs in Cincinnati. Couden, it is claimed, first informed the Big Four management of the Wariner shortage, having gained the information from a stenographer in the government office who was a close friend of Mrs. Ford.

Couden, years ago, shot and killed Mrs. McDermott's son. He was tried and acquitted on grounds of self-defense, but since then she has never lost an opportunity to avenge herself on Couden.

PROMISED HELP.

Asked the motive for her testimony today in Cooke's behalf, she said Cooke had told her:

"If you help me, I'll help you with Couden."

Mrs. McDermott swore that she visited Mrs. Ford at the hospital last Friday and that the woman who on Wednesday declared that Cooke had given her \$22,000 "taken from the Big Four," told her visitor that "as far as the honesty of Cooke was concerned, she could not swear that Cooke had ever stolen a dollar."

Frank Higgins, of the auditing department of the Big Four, was the last state witness today. He gave a summary of his investigations regarding the Wariner shortage. He placed it at \$64,000, a refutation of the statement of Attorney Baker "that men higher up" had abstracted \$2,000,000 from the road.

The defense opened with half a dozen character witnesses from Cooke's old home in a Cincinnati suburb. Then came Mrs. McDermott and then Cooke himself.

VOTES FOR WOMEN HAVE MANY CHAMPIONS HERE

MARGUERITE OGDEN, EVA POWELL, MRS. J. B. RICHARDSON and FORMER CONGRESSMAN DUNCAN E. MCKINLAY, prominent advocates of woman's suffrage cause.

THRONG FILLS MACDONOUGH THEATER

Prominent Men Speak in Favor
of Woman's Suffrage
Cause.

Audience Was Enthusiastic
and in Hearty Accord With
Trend of Speeches.

"It seems to me that the addition of women voters to the list of qualified electors means an injection into American politics of a better and cleaner element of influence, and that would mean much for the elevation of our standard of government, both in the States and in the country at large," declared Duncan McKinlay, surveyor of the Port of San Francisco, before an audience of enthusiastic suffragists and their husbands, who filled the Macdonough theater last evening. It marked one of the largest political gatherings ever held in this city and was conducted by the College Equal Suffrage League.

Large yellow signs, placed on bamboo sticks, divided the women who were seated upon the platform. The placards contained the words: "Teachers, writers, taxpayers, social workers, mothers and business women." The public was convinced that those representative suffragists on the stage wanted the ballot, because they are working to uplift humanity as citizens of this community. It also gave the impression that as citizens of the same commonwealth women are equally concerned with men in its public welfare; as citizens of the same democracy, they have an equal claim to political liberty. That was the sentiment of Duncan McKinlay, who was the speaker of the evening.

WILL ELEVATE BALLOT.

"As long, I believe, as women are ruled out and prohibited from voting, the highest intelligence and morality will never be fully represented in any community, and necessarily the laws and ordinances of that community will be upon a lower level than in those where women's votes are used," said McKinlay.

"So far as I am able to observe, the principal reasons why men object to the granting of the franchise to women are two:

"The first is the old hackneyed reason given by a great majority of men, that the mixing of women in the turmoil of political campaigns, and the general excitement, and sometimes rancor and ill-feeling, that arises from the strife of political issues sharply contested, will have a deteriorating influence upon the women themselves, and that the best place for the woman is the home.

"Of course, people who feel like that, both men and women, are not compelled to vote, even if the franchise should be given to the women. But, because your wife or mine does not desire to vote, and would remain away from the polls if suffrage should be given them, is no reason why men should refuse the right and opportunity to vote to those who want to, and who ought to have the vote to protect their lives and their property.

MISS WHITNEY'S TALK.

In introducing the speakers Miss C. A. Whitney, president of the College Equal Suffrage League, who presided over the meeting, said in part:

"We have two reasons for asking you to meet with us. The first one is to make you co-equipers with us in this great movement whose interest we desire to further the political enfranchisement of women."

The second is the logical outcome of the education of women. It is part of a great world-wide movement which has resulted in the complete enfranchisement of women in Australia, New Zealand, Finland and five states of our own Union.

Stretching from the far corners of Northern Europe through America, across the seas to Australia, it reaches even to the far shores of China, where it shows itself in the edict prohibiting the binding of the feet of the girl babies in the country and reading the law to the harmen of Turkey, where the veils so long prescribed for women are being cast aside.

"It is showing itself in our midst in the passage by the last legislature of an amendment to the constitution which strikes the word "male" from the clause which defines the qualification of the voters of our State, and this amendment known as the constitutional amendment is to be submitted to the voters of our State with several others at the election of October 10.

"There are thousands of elderly people with perfect heads of hair without a single streak of gray.

"When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be restored to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

"Wyeth's Sage and Sulphur is clean and white and perfectly harmless. It refreshes dry parched hair, removes dandruff and gradually restores faded or gray hair to its natural color."

Leather Trust Skins the Shoe Wearer Both Ways

The price of Trust-tanned leather is up—its quality is worse than ever before in the history of the trade.

The cause of it all is that the Leather Trust shut down its tanneries—and is putting its second-grade leather on the market at an increased price.

How many ordinary shoe manufacturers do you suppose can afford to refuse this second-grade leather? Not one! You, the shoe buyer and wearer, have got to keep both eyes open and protect yourself.

You can get honest shoes if you want them. You can get them 50 cents to \$1.00 cheaper than you are now paying for ordinary shoes.

Right here in this town you can get Endicott-Johnson shoes—made by the only shoe manufacturers in America who tan their own leather—Independent of the Leather Trust.

Endicott, Johnson & Co. buy their hides in the open markets of the world. They own their tanneries. They build their shoes from the ground up of honest leather. They sell direct to your home shoe dealer.

The Endicott-Johnson dress and business shoe is the ENDWELL (Good-year Welt). It sells for \$3.00, \$3.50 and \$4.00. It is a handsome shoe. It will give you service and comfort that you cannot get in any other shoe at any price.

You are not limited as to style in ENDWELL shoes. You can have any last and shape of toe—right up to the minute. Shoe or Oxford—Lace and Button—your choice of all the colors of leather.

Identify it by this name—stamped in every shoe—

REVOLTING CRIME AROUSES PORTLAND

The Residents of Ardenwald District Panic Stricken Over Hill Murder.

PORTLAND, Ore., June 16.—This city, especially the district surrounding Ardenwald, is worked up to a condition of nervous excitement that increases to a condition bordering on panic, in the vicinity of Ardenwald, the suburb where occurred the murder of William H. Hill and his family and the revolting maltreatment of the bodies of Mrs. Hill and her daughter.

In the Ardenwald district a dozen or more families have left their homes to take up at least temporary residence in more thickly settled portions of the city, and those that remain are hysterically apprehensive.

Following the attack on John Dyale, the milkman, early Thursday, it was ascertained that for several days a man had been hanging around Dyale's barn, but the milkman seems to have been without suspicion that this fellow could have had anything to do with his neighbors' misfortune until he himself was attacked.

Searches maintained all day and a watch kept to the hour of the night the attack was made on Dyale has failed to bring forth any development in the case.

MISSING SOCIETY MAN IN SWAMP

Wm. D. Hawley Lives 56 Days Without Food and Exposed to the Elements.

MARLBOROUGH, Mass., June 16.—After an absence of 56 days, which he spent in a swamp with nothing to eat and barely conscious, William D. Hawley, a prominent young society man, is under the care of physicians at his home here today. He was found by laborers last night in a terrible state of exhaustion and emaciation.

It was unable to explain his disappearance. He remained in a swamp, occasionally saw persons passing by his hiding place, but for some reason he could not call out or give any notice of his plight. He spent most of the time lying upon the wet ground, huddled up in his overcoat, soaked by heavy showers and chilled by the night air.

Hawley's disappearance on April 20, a few months after his brilliant marriage, caused a sensation. It was supposed that an attack of the grippe had unbalanced his mind and he had sought far and wide circulars being sent all over the country by the police and by the Knights of Columbus.

TWO INJURED IN NILES EXPLOSION

Gravel Pit Employees Fail to Estimate Length of the Fuse.

NILES, June 16.—Joseph Raymonds, an employee of the gravel pit a few miles from here, was seriously injured late yesterday when struck on the head by a piece of rock dislodged by a charge of dynamite. Lawrence Rosser, his companion, was struck by the flying pieces of smaller stones and bruised about the body.

The accident occurred while the men were running away from the pit after placing the last charge for the day. In some way they did not calculate correctly the length of the fuse, and before they had gone fifty feet the explosion occurred. Both men were treated at the bunk house and declared out of any danger.

Over-Anxiety of Wares Loses for Oakland ♦ Wheelmen's Show Is a Classy One

JINKS ARE WITH OAKS AND ANGELS SCORE A VICTORY

Pernoll Pitches Magnificent Ball Game, but Unfortunate Errors Bring Him Defeat

Oakland lost yesterday and thereby hangs a tale. Little Clyde Wares played shortstop for the locals, but in the very first inning the little fellow left the reservation and stayed off all day long. Somehow or other Clyde couldn't keep his hands on the ball nor could he get the gauge of first base, all of which gave the Angels their start to the plate and the making of two runs, and those two runs were plenty enough to win the game.

Don't hold the booting against the youngster, though, for Denny has made his boots in a ball game and so has Ty Cobb and Honus Wagner and their boots have lost games.

As for the third game between the Angels and the Oaks the tale is most told in the first paragraph, but there were of course a few sidelights. "Bud" Pernoll was opposed to "Flame" Delhi and both pitched an excellent article of ball, but had the real figures prevailed Oakland would have been the winner, for the tally they made was a long pole over the left field fence by Mr. Elmer Zacher.

HOW THE ANGELS GRABBED A TALLY.

There was no trouble for Pernoll until the third inning and then Clyde left the reservation and stayed off all day long. Howard was passed to first base, Bernard hit an easy one to short and it should have been curtains, but a boot left everybody safe. Bernard and Howard stole a base and then Cutty had a boot and Howard got over.

In the fifth inning Los Angeles gathered again and it was more booting. Smith for the Angels singled to left, the only real bunt score off of Pernoll and the catch took second on a sacrifice by Delhi. Howard then hit to Wares and Clyde booted and when he booted on Bernard's poke Smith was over.

Daley then attempted to bunt and reached first, but Howard was called out at the plate and Bernard was caught off of third base. That ended the tallying for the Angels, but those two won the game.

OAKS' ONE TALLY IS LONG HOMER.

Elmer Zacher put the Oaks on the scoreboard with a line drive out of the lot over the leftfield fence in the fourth inning and in the ninth inning started some funnies that meant ill for Flame, for the little goddess of luck hadn't climbed on his shoulder.

It was Zacher first up in the ninth frame and he drove the ball to the scoreboard for two bases. A single by Hetling put him at third. Wares, who is one of the best bunters in the league, tried to tear the cover off the ball and popped out to Moore. Pearce, who never was a bunter, laid one down in front of the plate and was out, but Zacher was held.

Wolverton went in to bat for Pernoll and the chance to be a hero was there,

HARRY FORBES SHOWS HE CAN STILL BOX

The St. Louis boy stood up well under the punishment. The honors were even until the fourth, when Forbes punished Homeland with short uppercuts. From the fifth on, Homeland, with both eyes closed, took the defensive.

SULLIVAN NO MATCH FOR FRANK KLAUS OF PITTSBURG

(Con. from Preceding Page)

not set himself or take the pace away from the aggressive Mr. Klaus.

Klaus banged away with rights and lefts in true slugger fashion, at times leaving himself wide open for counters. Sullivan took advantage of these openings at times and were able to land a few blows with force enough to stop most any of the mid-weight I've seen in my time.

Klaus seems particularly well equipped for the taking of punches, however, and with the shake of his head he seemed to throw off the effects of the blows. Klaus paid most of his respects to the midsection of the Montana man and any number of times he landed full swings on the body with a resounding smack that caused the spectators to wince.

KLAUS STARTED BETTER ALL THE TIME.

In the third round Klaus started even faster than he did in the second, and although Sullivan landed several stiff lefts and four right uppercuts to the jaw of the German there seemed no stopping him.

At the end of the third round Dan was quite tired and just a bit shaky on his pins. In the fourth and last round Klaus was forging to the front and Sullivan was devoting most of his time to protecting himself when the unfortunate ending came.

As has been said, such endings are always to be deplored and there have been contests doubt but that neither of the contestants would care to win or lose in that manner. Sullivan in the opinion of the writer, really thinks he was fouled and did not quit, and it is a cinch that Klaus would rather have won differently even though he will be credited with a knock-out victory.

Klaus is a great workman in the ring and if pitted against a man who will be able to give him a rub hell prove a great card. He's rough and he fights hard all the time, but he's fair and if the battle of last night is to count for anything he does not try to take mean advantages. While the loser of a contest seldom reaps any benefits for their showing it seems only fair to say that judging by Sullivan's showing of last night he will beat many more of the middle weights than will beat him.

KANE BEATS BOUGHMAN.

In the special event of the evening Marty Kane was given a decision over Ray Boughman after six hard rounds of boxing. Boughman did not box up to his standard and seemed unable to do any good with the exception of tangling in the clinches, when he used his superior weight and strength to push the smaller man about. Kane did the cleaner leading and landing, however, and had a fairly good lead in five of the six rounds boxed. Kane landed far and away the greater number of point-scoring punches and was easily entitled to the verdict.

Billy Holmes won easily from Jim Horner in the first of the six-round events, although Jim put up a game battle and tried all the way. Henry Hickey proved far and away too strong for Gene Farry and in the third round Gene had enough and stopped. Con Bagley won from Fred Grimes in two rounds and Kid Roam won from St. Louis, 3 to 0.

TO SELECT REFEREE TONIGHT.

Tonight the representatives for Freddie Welsh and Matty Baldwin will meet at the office of Promoter Milton T. Clark for the purpose of selecting a referee for the coming twenty-round bout between the star lightweights. Welsh and Baldwin should have little trouble in making a selection for there is every reason to believe that all the recognized officials on the coast should suit them.

Baldwin and Welsh are now in the very heat of their work for the battle of the 23d, and when introduced last evening at the Wheelmen Club both showed good condition. The fact that Welsh has been made a favorite in the betting does not seem to bother the little Bostonian in the least and he says that he fully expects that this would be the case.

Over Bagan had settled down to his work at the Shinnon place at San Rafael and will stick to the camp from now to the Fourth of July. Jones and Ad Wolast will not stand for this, however, and has advised Jones that he will expect him in San Francisco in the near future.

GRAVES AND MOORE MATCHED.

MILWAUKEE, WIS., June 16.—"Kid" Graves of Milwaukee was today matched to box ten rounds with Pat Moore of Philadelphia at Boston June 26.

This number includes 151,000 dollar licenses for residents Californians, 500 \$10 licenses for residents of other States and 500 \$25 licenses for alien fishermen and hunters.

FACES CHARGE OF CRIMINAL LIBEL

Jose Da Silva in Jail Pending Furnishing of \$1000 Bonds.

Jose Fernandez, editor and manager of "O Reporter," a Portuguese newspaper, was arrested this morning on a charge of criminal libel preferred by A. M. Martins, in the name of his wife, Mrs. Anne C. Martins. Da Silva is being held pending the furnishing of \$1000 bond. He was arrested at the office of "O Reporter." 628 Thirteenth street.

The charge of criminal libel is based upon an article by Jose Fernandez. Da Silva is his wife, Mrs. Martins is alleged to have been influential in having Father Jose Galli reappointed head of St. Joseph's parish in this city. The article in "O Reporter" contains, in addition to allegations against the character of Father Galli and of his parishioners, a mass of suggestive material.

Father Galli has been on a visit to Europe, and has not returned, but is expected shortly in Oakland. Martins, who resides at 3995 West street, and is one of the most prominent members of the church, swore to the warrant before the arrival of Father Galli. Da Silva is being held on the suspicion that he complained yesterday to his personal physician on the pastor's part against Da Silva.

Father Galli had Da Silva arrested last January when the latter refused to leave the parish house at Seventh and Chester streets and threatened to make trouble.

Father Galli is one of the oldest and most respected fathers of the Catholic church in this city. He has been connected with St. Joseph's for many years. Da Silva is a graduate of a Portuguese college and has been in this country for several years.

Dr. Joslen Arraigned On a Felony Charge

SAN FRANCISCO, June 16.—Dr. Otto Joslen, arrested on a felony charge on complaint of Ethel Williams, a pretty candy girl, was instructed and arraigned in the police court this morning, and his case continued until June 22. In addition to criminal prosecution damages to the amount of \$100,000 have been requested by the plaintiff.

CONSTITUTION OF NEW MEXICO IS DEFENDED

WASHINGTON, June 16.—Charles A. Spess, president of the New Mexico constitutional convention, and Judge A. B. Fall, a member of the convention, were before the Senate Committee on Territories today, and favored the immediate acceptance of the constitution as adopted. They defended the document as conservative.

Responding to a suggestion that the constitution was objectionable because it appeared unamendable, Fall declared it had been framed to conform to the varied conditions in the Territory. It had been approved, he said, by more than two-thirds of the voters of the Territory. He added that the people of New Mexico knew what they wanted.

Peter Deasy has recently purchased a four-acre tract in the San Ramon valley and as soon as suitable buildings are constructed will move his family here from Oakland.

Brooks & Stewart report the sale Monday of Lot 14, Larkey subdivision No. 1, to T. W. Watson of Oakland.

H. Vosslamber is planning to construct a 6-room bungalow on his lot in School street. It will have a concrete foundation.

Posters are out for the big social dance by the ladies of Walnut Creek in the new Town Hall July 3. Burdin's orchestra of Martinez will furnish the varied conditions in the Territory. It had been approved, he said, by more than two-thirds of the voters of the Territory. He added that the people of New Mexico knew what they wanted.

Mrs. Guy Nottingham visited relatives in Oakland Monday.

CITY OFFERS TIDE LAND FOR S. P. GROUND

Submerged Acre On Water-front Surrounded by Railroad Property.

FALLOON STREET GROUND NEEDED FOR PARKS

Plan First Suggested by John E. McElroy Carried Out by Council.

The proposal to trade a submerged acre of tideland on the West Oakland waterfront to the Southern Pacific company for a piece of land at Fallon street adjoining the railroad right of way, was put up to the transportation company last night by President Ben H. Pendleton. The plan would give to the city a splendid piece of land, with that already owned by the city from the Twelfth street dam south to Eighth street.

The Southern Pacific company was asked to take the matter under consideration by President Pendleton, and A. L. Baker, representing the Southern Pacific company promised to lay its proposition before the corporation. A response will be forthcoming at the next meeting.

FIRST SUGGESTED.

The plan was first suggested by the late City Attorney John E. McElroy and Mayor Frank K. Mott, several years ago, when the well-known "memorandum of agreement" was under consideration. It was found at that time that the West Oakland land, acquired by the city of Oakland some fifteen years ago for a pumping plant, was virtually useless to the city, as the original plan for its use had been abandoned. The acre, submerged as it is, is surrounded by Southern Pacific and Western Pacific land, and is of no use to the city.

The land owned by the Southern Pacific company at Seventh, Eighth and Fallon streets is of paramount importance in completing the park system from Lake Merritt south. Acquisition of this piece of land, added to that already possessed by the city, would give the municipality about ten acres of valuable land in the heart of the city for park purposes. The land is not particularly useful to the Southern Pacific company, and the trade will probably be affected. Resolutions were recommended by the ordinance and judiciary committee last night granting to the Southern Pacific company permission to electrify its suburban lines from Fallon street east to the eastern boundary of the city. This will complete the electrification of the great suburban gridiron system upon which the corporation is spending over \$10,000,000 in this country.

MOTHER WILL SEE HER SON ORDAINED PRIEST

SACRAMENTO, June 16.—Accompanied by her daughter, Miss Castle F. Flynn, Mrs. Catherine M. The Rev. Hubert J. Flynn, S. J., formerly taught Latin and Greek at St. Ignatius Academy, San Francisco. Following the ceremony in St. Louis he will take post course abroad, returning then to California.

The Rev. John P. Madden, S. J., and the Rev. Henry J. Brainerd, also of San Francisco, will be ordained at the same time.

VALLEJO PARLOR ELECTS. VALLEJO, June 16.—The following officers have been elected by Vallejo Parlor No. 77. Native Sons of the Golden West: Past president, Werner B. Hallin; president, Charles Ostrowski; first vice-president, Geo. Schumakoff; second vice-president, George S. Berenchi; recording secretary, George Dimpfle; Sr.; marshal, Joseph C. Mayo; treasurer, W. J. Torrance; inside sentinel, W. Larsen; outside sentinel, M. Higuera; trustee, George Harris.

CHICAGO, June 16.—For the third time within a month an explosion occurred today in a cable conduit of the Commonwealth Edison Company, under the subway of a railroad track. It shattered windows in buildings within a radius of a block and threw several families from their beds. The police believe the explosion was caused by a bomb set off by labor agitators. Officials of the Edison company, however, said they had had no recent trouble with their employees and are unable to solve the cause of the mysterious explosions.

"Say, you'll have to pay taxes on them dogs," said the policeman.

"Why, they are exempt under a treaty with France," answered the secretary.

The matter was taken up with Mayor Harrison and the corporation counsel, who decided the tax of \$2 must be paid on each dog.

THREE AMERICANS.

LONDON, June 16.—In the class for horses over 14.2 hands, and not exceeding 15 hands, judged at the International horse show at Olympia today, Judge Moore of New York took second, fourth and fifth prizes with Flourish, Mendana and Ariel, respectively.

Spitz Tou Tou and its associate, Frizette, pedigree French dogs, owned by an attaché of the French consulate in Chicago, must wear a collar and license tag or go to the dog pound along with other dogs picked up in the street.

The trouble began when a policeman, who has to do with the seeking out of stray animals which avoid the tax law, dropped into the French consulate. He espied Tou Tou and Frizette sitting near the desk of their owner, A. Gach, private secretary to Baron de St. Laurent, French consul.

"Say, you'll have to pay taxes on them dogs," said the policeman.

"Why, they are exempt under a treaty with France," answered the secretary.

The matter was taken up with Mayor Harrison and the corporation counsel, who decided the tax of \$2 must be paid on each dog.

COMMITTEES HOLD FINAL MEETING

Liquor Licenses Are Acted On, and Transfers Are Agreed to.

The committees of the City Council were in session as committees for the last time before retiring from office last night. Two meetings of the council in regular session are scheduled before the old eleven-member council is superseded by the five-member commission form of government. Several matters were referred by committees to the new government to take office, while a few were recommended to the City Council for final passage before that body is a thing of the past.

Among the active committees last night was the liquor committee, which, to its credit, made stormy sessions, more petitions, protests and fights than all the other committees put together. In the old form of government the license committee recommendations on saloon and cafe matters were almost invariably taken, and many a protest was threshed out before the members of this committee. The council will handle saloon matters in future without the aid of a committee, recommendations being made by the license inspector and the commissioners of public health and safety.

The committee heard no protests nor petitions last night. Liquor bonds having been approved, notices posted and applicants and possible protestants cited to appear, the following were acted upon by committee:

Transfers granted—B. Bardenave, 801 Clay street, retail liquor store and bar, successor to Desbarats & Bardenave; J. Lavagetto, 454 Sixth street, saloon, successor to Chas. Ratio; J. Rattazzi, 119 Fourteenth street, restaurant and bar, successor to D. Marquis; Manuel P. Rosa, Da, 962 East Fourteenth street, saloon.

Transfer of location granted—Con. Donovan, 629-97 Telegraph avenue, liquor store and bar, from 6399 Telegraph avenue, new building to be erected on present site; The Fung Wo & Co., 320 Eighth street, liquor store and bar, from 374 Eighth street.

Transfer of license to new location granted—Chas. Cochran & John Lindgren, 166 Ninth street, saloon, from license issued to A. Patterson, northeast corner of Eleventh and Broadway.

AMOUNTS OF ISSUES.

BLOOMINGTON, Ill., June 16.—Adlai E. Stevenson, former vice-president of the United States and for 25 years president of the McLean County Coal Mining Company, has resigned as head of the concern. Mrs. M. T. Scott, president general of the Daughters of the American Revolution and a sister-in-law of Stevenson, was elected his successor. Mrs. Scott has been one of the heaviest stockholders in the mine for many years.

TOMORROW SEWER BIDS WILL BE OPENED

Laying of Mains and Laterals Involves Expenditure of \$476,000.

WORK WILL BE DONE IN ANNEXED SECTION

Is the Largest Single Sanitary Proposition Ever Undertaken in State.

Bids will be opened at a special meeting of the Board of Public Works tomorrow morning on the largest sanitary sewer proposition yet undertaken in this city. The work, which will include 18 miles of sewer in the annexed district, will cost approximately \$476,000, for which bonds have been voted by the people of the four districts created for sanitary purposes.

An enormous amount of figuring will be necessary on the proposals to be received tomorrow morning as several different propositions will be specified in the bids, which are of an extremely technical nature. The bids will be referred to Assistant City Engineer Walter Frickstad and City Attorney Ben F. Woolner, and it is probable that the awards of contract will not be announced until a special meeting to be held Monday.

WILL SELL BONDS.

The bonds voted by the people of the annexed district some weeks ago will be sold by the city council Monday night, when bids therefor will be asked at the regular meeting. This will provide the money for the sewer work.

This will initiate work covering 100 miles of main sewers and laterals in the annexed district, including the Allendale district, which does not come under the specific proposals to be opened tomorrow morning. Over nine square miles of territory will be covered, the project being the largest single sanitary sewer proposition ever undertaken in this state.

AMOUNTS OF ISSUES.

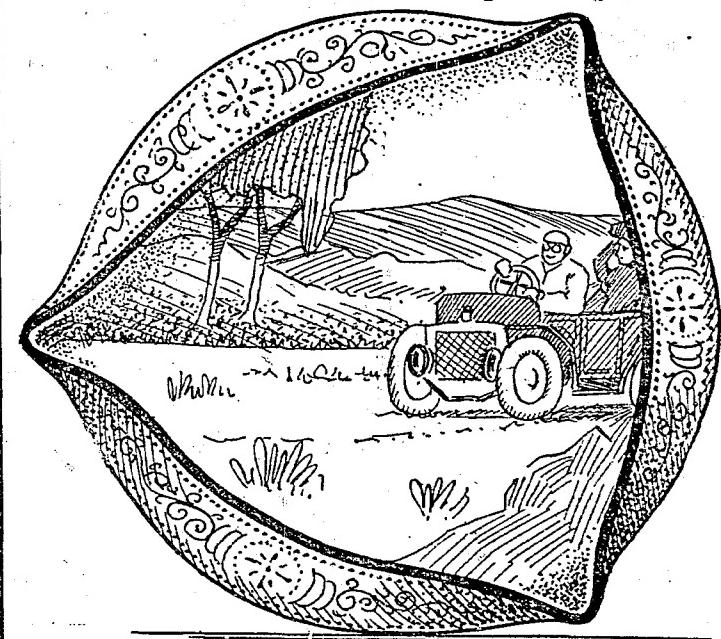

Honds passed in the various districts to pay for the sewers were for the following:

District No. 1	\$102,000
District No. 2	92,000
District No. 3	134,000
District No. 4	148,000
